MEMORANDUM

11 May 1949

TO : Finance Officer, OPC  
FROM : Certifying Officer, CFB  
SUBJECT: Changes to be Made on Projects

Reference is made to memoranda from the ADPC in which he outlined certain changes in the titles, and approving officers, of OPC Projects.

In this connection it is noted that the new approving officers have been named by titles rather than by name and inasmuch as we are not familiar with identification of the employees who are filling the positions of approving officers we request that we be furnished with a list of the names of the present approving officers and their titles.

In addition it is also requested that we be furnished with a specimen of the signatures of each of the approving officers.
